TOZIER WILL PITCH FOR THE ELDERS

Popular Hard-Hitting Young Twirler
Will Wear the Salt Lake
Uniform.

Announcement was made yesterday by the management of the Salt Lake Baseball club that a contract had been signed by William T. Tozier, the youngster who performs in the pitcher's box for the Elders last season. Tozier was on the reserve list last season, but not until recently did he sign a 1904 contract.

Tozier is at present in St. Louis, but will be in Salt Lake as soon as the weather will permit practice. He declares that he has taken good care of himself during the past winter, and says he can get into playing condition on short notice.

Tozier made many friends while playing with the local team last summer, and there are a number of persons here who think he will be one of the stellar performers on the Salt Lake aggregation this year. Tozier was one of the best hitting pitchers in the league last year, and he will probably hold his own with the heavy hitters again this season.

The Elders have already secured a good pitching staff, having signed Wiggs, Quick, Ewick and Tozier. These four men ought to be able to amply care for their department if properly backed up by good basemen and fielders.

OVERALL TO PITCH FOR TACOMA TEAM.

VISALIA, Cal., March 8.—Mike Fisher, manager of the Tacoma baseball team, today signed Overall, the famous Berkeley pitcher, to play with his team during the coming season.

Overall, the young collegian mentioned in the above dispatch is one of the best all-around athletes in the West. Besides being a crack baseball pitcher, Overall is a star football man, and has made quite a record on the track.

The young Californian is best known, perhaps, on account of his ability as a punter. Time and again the big Berkeley guard has caused despair to fill the hearts of the California star more than overcome his opponents' superiority in team work and gave the game to Berkeley by a score of 16 to 0.

Overall stands over six feet and weighs in the neighborhood of 200 pounds. He is well developed, and notwithstanding his immense size is very fast on his feet.

He made an enviable record while pitching on the Berkeley baseball team, and it was this that caused Manager Fisher to select him for one of the pitching staff of the Tacoma team.

UTAH COUNTY BOWLERS ARE GROWING SAUCY

The Springfield bowlers who defeated the Bismarck aggregation from this city in a game last week are anxious for a return match to be played in this city. When the Bismarck players returned after their unsuccessful trip to the Utah county town, they asserted that their defeat was due to the bad condition of the Springfield alleys. The southern aggregation takes exception to this statement and declare that their alleys are in first-class condition and say that the Salt Lake bowlers were defeated because they were unable to "deliver the goods."

Manager Haymond of the Springfield team comes forward with a defy to play the Bismarck bowlers on any alleys in this city on the same terms as those governing the former match.

WORLD'S RECORD BROKEN.

Chicago Man Rolls Remarkable Score in Series of League Games.

Charles W. Cooke of Chicago rolled the remarkable average of 243.2-3. These figures, which are the best for this season, are a world's record for the sixteen-pound ball in a regular league competition. They were made in a competition between the Winthrops and Plazas in the Sheridan league, Cooke being the leader of the first named team. Cooke has been playing a little over three years. This year he is playing with the Winthrops in the Sheridan league, the Columbia Knights in the Chicago league and the Malmes in the Columbian Knights league, and is second in the individual races in the two last named. His best previous averages in league competition have been 223, 222 and 211.

Good Bowling Tonight.

A match game will be rolled tonight on the Palace alleys between the Colander and Harmony bowling teams. There is considerable rivalry between the two teams owing to their close finish in the league contests. The Colanders took first money by the narrow margin of one game and the Harmony bowlers are anxious to avenge the loss from their rivals in a post-season game.

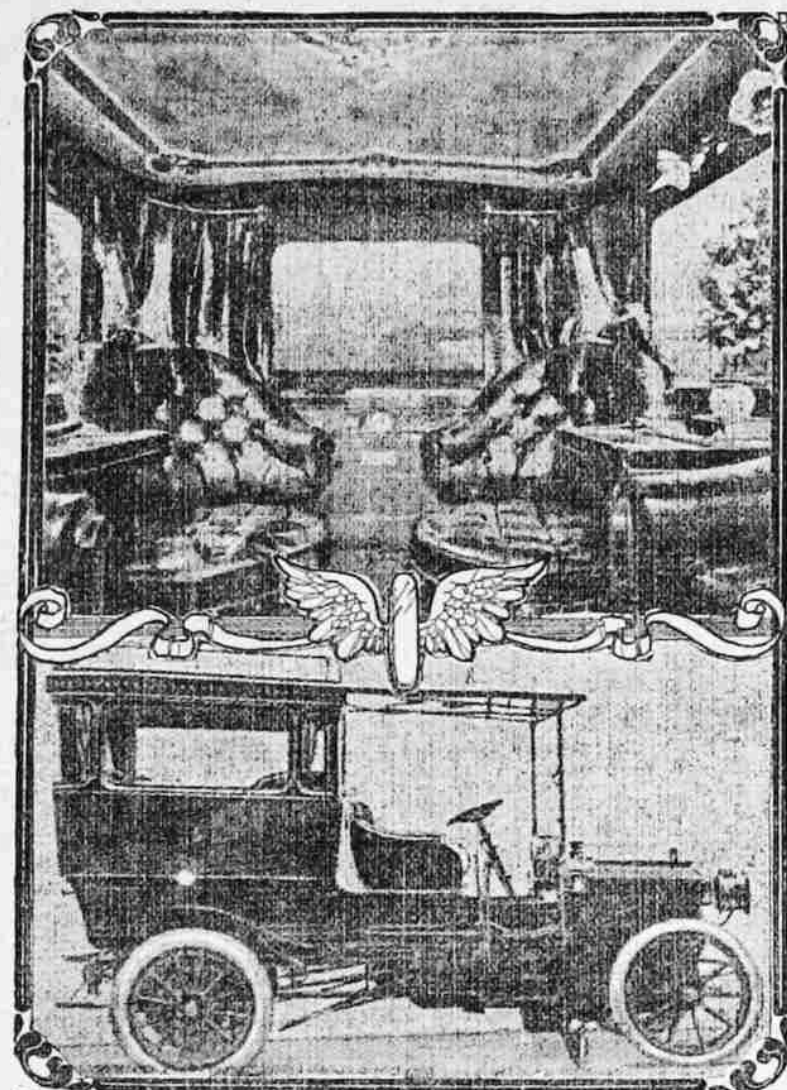

Barney Oldfield Quits.

ST. LOUIS, March 8.—Barney Oldfield will quit the racing track when his contract with the Winton company expires next August, if he lives until that time (he has many chances of quitting sooner), and he has arranged to enter the automobile agency business.

Yankee Horse Wins.

PARIS, March 8.—At the Saint Owen races today the Prix Barthelemy was won by William K. Vanderbilt's Varigou.

LATEST AUTOMOBILE A PALACE ON WHEELS

NAPIER AUTOMOBILE.

BOSTON, March 8.—One of the handsomest and perhaps the most elaborately equipped automobiles ever brought to this country will be exhibited at the Boston automobile show within a fortnight. It is a twenty-eight horse-power Napier machine, with a Pullman body of the Limousine type. The interior is luxuriously

fitted for four revolving arm chairs in morocco leather, large plate glass windows, with spring blinds and hanging curtains; folding tables and cabinet, heating apparatus and electric light; ventilators over the windows, woodwork of polished mahogany and ceiling of the Louis XVI. period. The car is now bound for Boston from England.

POOL ROOMS MAY CLOSE IN GOTHAM

NEW YORK, March 8.—There is a possibility that the war being waged between the poolrooms of this city and the telegraph company which serves its customers returns from the various race tracks may result in the presentation of a bill to the Legislature which, should it become a law, will prohibit the transmission of information relat-

ing to racing results by telegraph or telephone in the State of New York.

Perhaps the most important move since hostilities began has been the shutting off of service to a poolroom in Chicago, which it was said had been caught delivering race results to an agent of the New York gamblers for transmission to this city by telephone. This did not have the effect, however, of crippling the New York rooms. Information was obtained from various sources, but not without much delay.

Getting on at night, too frequent urination during the day are cured by Oregon Kidney Tea.

BIG TOURING CAR AS MUD PLOUGH

Murray to Second South street in thirty minutes. That is a record for mud automobiling that was made by George H. Robinson yesterday in his big winter touring car. Mr. Robinson was accompanied by two Eastern capitalists, who were shown about the amblers and given an insight into some of the little annoyances encountered by an automobilist in the springtime in Utah.

In many places mud was encountered, and the machine got stuck going down. This difficulty, however, was overcome by rough-lacking the hind wheels. L. C. Snow on the Utah Automobile company, who operated the car, bound the rims of the rear wheels with heavy rope. The wheels then took hold and sent mud flying in all directions as they buzzed around. The occupants of the carriage were in no way perturbed, as the car is enclosed on all sides. There are small side windows and the entire front is shielded by glass. The motor is the first car of its kind to be seen in this city.

"SPIDER WELCH" MAY BATTLE IN ZION

Jack Clifford and his manager are now looking for another go in this city. They are now in correspondence with Jack O'Keefe and expect to meet the latter in this city about April 1st.

However, should O'Keefe be unable to fight by that time on account of his recent illness, Clifford will probably arrange a match with "Spider Welch," who is at present in California. Welch has already signified his willingness to meet either Clifford or O'Keefe, and may be signed to meet the latter fighter in case O'Keefe fails to materialize.

LORD MELBOURNE LIKES THE MUD

SAN FRANCISCO, March 8.—Lord Melbourne scored a clever victory in the six and a half furlong handicap, which was the feature of the card at Oakland today.

He was one of the outsiders, Kenilworth being favorite, with Nigrette second choice. The heavy going just suited Lord Melbourne, and Oliphant, who had the mount, easily outdistanced Knapp on Kenilworth. The winners were well supported, and the two-year-old race went to Bob Ragou, he being a head in front of the rest, getting away poorly and was third. Potulus and Prince Blazes were practically left at the post in the fourth, but J. T. Sheehan sent Prince Blazes after the field and he finished ahead of two horses. Box Elder was bid up from 100 to 300 and secured at that price. Results:

First race, six furlongs, selling—Box Elder, Time, 1:20.4.

Second race, half-mile, selling—Bob Ragou, Time, 1:10.4.

Third race, half-mile, selling—Box Elder, Time, 1:10.4.

Fourth race, one mile and a sixteenth, Time, 1:15.4.

WELL BACKED HORSES FAIL TO MAKE GOOD

LOS ANGELES, Cal., March 8.—Two out of six favorites won at Ascot today, the other races going to liberal priced second and third choices. Belle Kinney beat Pinkerton in the two-year-old race. Pinkerton was well backed by the heavy bettors and Kinney was the choice of the public. Kinney led all the way and won by two lengths. Weather good; track fast. Results:

First race, five furlongs—Magie Flute won, Negrusa second, Forcusa third. Time, 1:20.4.

Second race, four furlongs, purse—Belle Kinney won, Pinkerton second, Sea Air third. Time, 1:20.4.

NEW YORK, March 8.—Herman Duryea will race the horses owned by the estate of the late William C. Whitney. A lease to that effect has been filed at the office of the Jockey club.

Harry Payne Whitney as executor, signing the lease.

A meeting of the stewards of the Jockey club will be held on Thursday, and at that meeting the application of William Shaw, the jockey, for a license will be passed upon.
